

Wangu Integrated Primary-Middle School Post-disaster Reconstruction Project

Opening Ceremony
November 5, 2010

Warmhearted welcome to the representatives of the two sole sponsors of this major reconstruction project: Dr. Mark Qiu of the Chongren Foundation and Dr. Urs Buchmann of the Credit Suisse Foundation.

735 students from grade 1 to 9 welcomed the donors of the new integrated school complex that comprises one large L-shaped classroom building, one canteen, two dormitories, one for girls and one for boys each.

Congratulatory addresses by the sponsors, and hearty thanks expressed by the officials as well as by the student representatives.

A plate to remember the generous sponsors who financed the new school complex (RMB 7,2 mio or US\$ 1, 058 mio, except the unforeseen significant costs for underground piling that were fully covered by the Mingshan Government.

Two trees were planted, one in memory of the *Chongren Foundation*, and the other one in memory of the *Credit Suisse Foundation*.

Checking the control works

The day before the opening ceremony, Chongren made a thorough control of the voluminous inspecting reports done since the last on-site-control by the foundation in September. The meticulous work executed by the authorities and by the Wangu school's own supervisors helped significantly to get a good feeling that quality is fully up to the expectations.

Chongren will do the detailed final audit, once all Government inspections will have been completed,

likely after the Spring Festival.

Chongren Foundation, November 6, 2010

Previous reports

- Detailed project outline, Nov 6, 2008
- Ground breaking ceremony, June 1st 2009
- 1st Interim report July 10, 2009
- 2nd Interim report November 10, 2009 (piling)
- 3rd Interim report, March 5, 2010
- 4th interim report July 7, 2010
- Soft opening, September 11, 2010

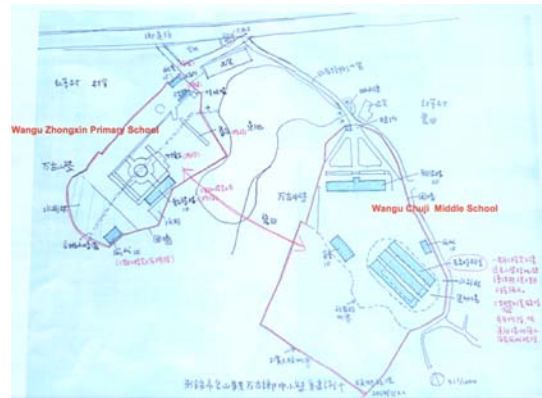

Total amount RMB7,200,000 (US\$1,058,824)

Donors: 50% by the Chongren Foundation

50% by the Credit Suisse Foundation

Wangu Integrated School

Integration of one middle school and three village-level primary schools

WANGU INTEGRATED SCHOOL

Expected to reach more than 1000 students,
Once all surrounding village schools are full integrated
Location: on the ground of the former
Wangu Chuji Middle School

WANGU ZHONGXIN PRIMARY SCHOOL

596 students, grades 1 to 6, plus preschool
28 teachers (2009), 8000m²

Muojiacun Xinzhongcun Shahecun
around 200 students, 16 teachers

Three village level schools (with a total of ca 200 students),
located all a few km from the present Wangu Primary School
Has been integrated into the new school

WANGU CHUJI MIDDLE SCHOOL

288 students, 19 teachers (2009)
15300 m²
