

Gucheng Multifunctional Primary School Complex

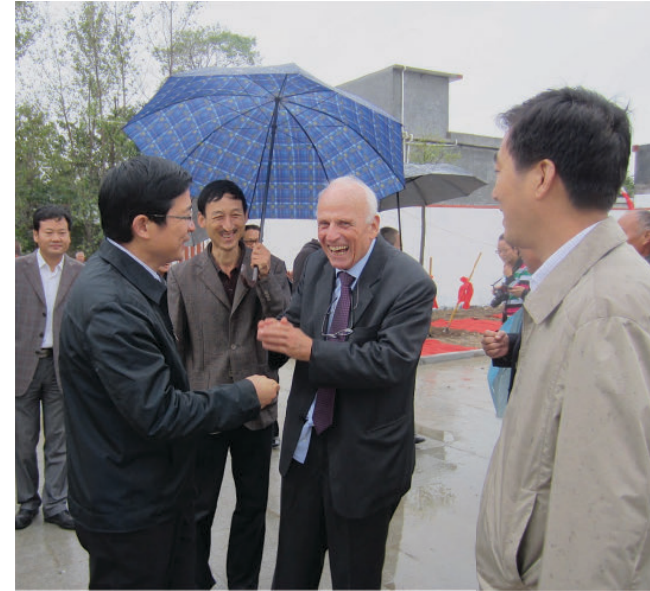

Opening Ceremony
September 24, 2013

Warmhearted welcome to the sponsor of this major project, Chongren Foundation, namely Mr. George Li, Feiming and Erwin Schu.

Because of the heavy rain on September 24, 2013, only older students attended the opening ceremony outside. All outdoor activities by the students had to be cancelled.

The bad weather did, however, not negatively affect the excellent mood of all people present, officials, students, teachers and Chongren's representatives.

Congratulatory addresses and gratitude expressed by the Party Secretary of Biyang County, as well as hearty thanks expressed by Chongren for the smooth and professional cooperation during the whole construction.

A plate to remember the generous sponsor who financed the new school complex by a contribution Of RMB 2,835 mio, while the Biyang Government covered all expenses for the exterior wall, the gate, the Sports ground, the school equipment (IT etc.) and the sewage system

A special tree was planted by the Party Secretary in memory of the *Chongren Foundation*.

The donors inspecting the new complex after the opening ceremony, on September 24.
