

CHONG REN FOUNDATION
崇 仁 慈 善 基 金

Dear Contributors of Chong Ren Foundation,

Chong Ren Foundation, with your generous donation, along with Credit Suisse Group have committed US\$375,000 to the Reconstruction of Lianjiang Central Primary School.

Liangjiang Central Primary School would have very little chance to obtain any funding to reconstruct its school campus since it does not locate in the epicenter of the May 12, 2008 earthquake. However, with your generous donation, 592 school children, range from Pre-school to grade 6, and the 19 teachers of Lianjiang Central Primary School, will soon to resume their classes in a safer school building with full frame structure and seismic fortification of intensity 8.

Enclosed please find slides of pictures taken from the Ground Breaking Day of this meaningful project on February 20, 2009. We thank you for your help restoring the smile and hopeful future back to these school children's faces and lives.

We will continue to provide you the progress of the Project from time to time. In the mean time, please feel free to contact us for any questions or feedbacks.

Thank you very much.

Mingshan School Ground-Breaking

– with Your Generous Support

February 20, 2009

Project: Reconstruction of Lianjiang Central Primary School

Location: Mingshan County, Sichuan Province

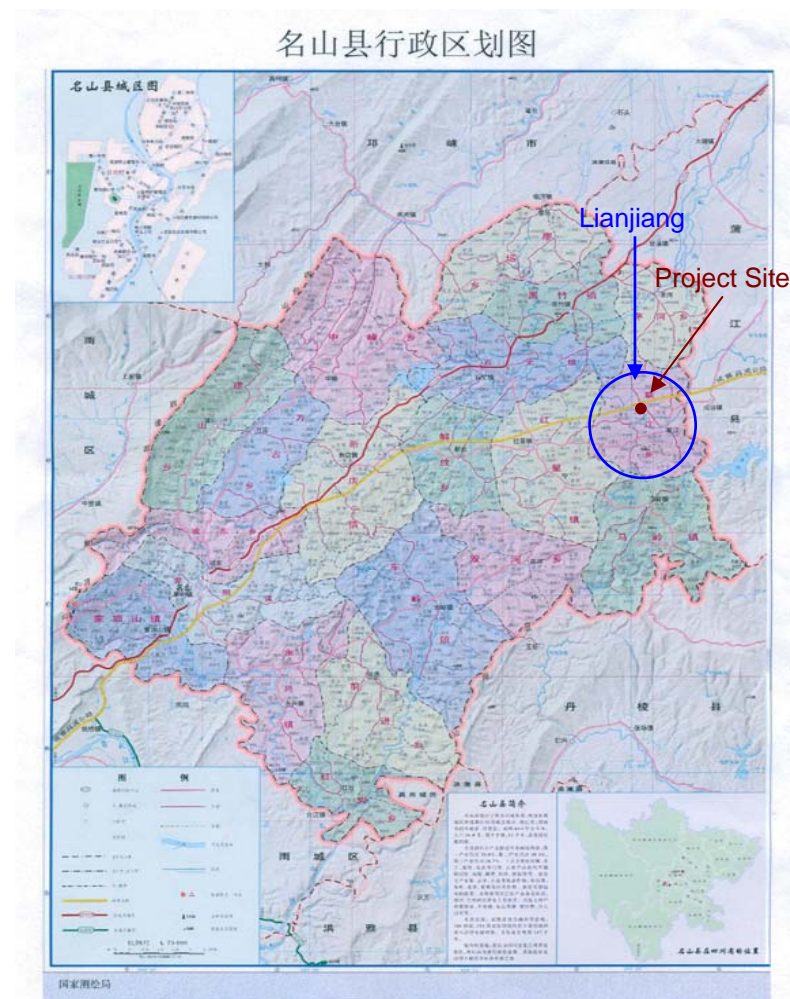

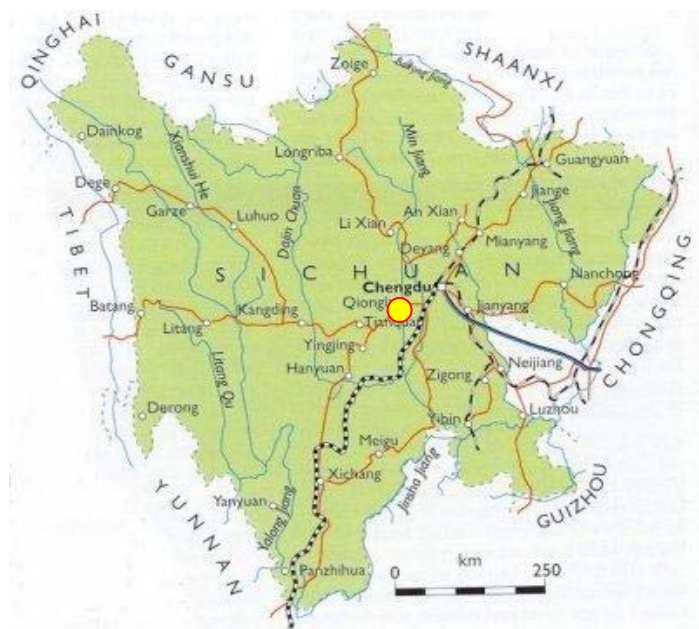

Sponsor: Chong Ren Foundation Limited

Partner: Mingshan Government, Sichuan, PRC

Cost: RMB2,550,000 (US\$375,000)

Donors: CRCI LPs and Principals
Credit Suisse Group

Ground Breaking: February 20, 2009

**Lianjiang school, ground breaking ceremony
February 20, 2009**

The representatives of donors and local party chief met by students, villagers and contractors

Students look forward the new school buildings

Short, cheerful speeches by the sponsors, the authorities and one student

And some “labor work” by the main partners signaled the start of construction

The head of the contractor made a public commitment for a 'golden completion'. It is a Chengdu based company, Xinnuo (Golden Commitment). CRCI's staff has gotten all key people's contacts and we will frequent the site.

They anticipate eagerly an improved learning environment supported by your generosity...

And back to work, right after the ceremony

Mingshan, Feb 20, 2009
